**Open Position:
Restaurant Project Manager**

The McKinney Partnership Architects is committed to delivering projects from a team of talented professionals that provide unequaled design, service and vision to our clients. Great care is taken in the selection of each team member. We are currently seeking applications for a **Restaurant Project Manager**. The candidate must have a minimum of 3-5 years experience working with multi-unit restaurant chains and knowledge of project management principles, practices, techniques and tools. They will be responsible for managing multiple clients, maintenance of prototype documents in addition to the preliminary design, construction drawings and construction administration for new and remodel restaurant projects nationwide. The candidate must possess outstanding organizations skills and the proven ability to manage, direct and motivate other team members and outside design professionals of all disciplines. Professional registration is a plus. Email a cover letter and resume to jmunson@tmparch.com.
